

### GOP Hopes Truman Will Run--Martin

Washington, Jan. 17.—Sen. Martin (R-Pa.) said today he hopes President Truman runs for re-election "because it would emphasize the persons we Republicans think he should be re-elected from."

Martin declared that with Mr. Truman as a candidate, the party would be drawn as strongly as possible.

able and the voters could decide whether they want another four years like the last one."

The Pennsylvania "old-timer" said Mr. Truman is "one of the things" Republicans generally are against. He said:

"As I look at two of the main names of the campaign—the two leaders in government and control of the government—I think I can check out for the House of Representatives Committee on the Judiciary and the Senate Committee on the Judiciary."

He said that if he thought it would be better for the party to have a Republican as a candidate, he would be drawn as strongly as possible.

### Passengers Continued from Page One

listing off names endlessly to pick up messages.

Fifty-seven passengers slept aboard until late morning.

Others left quickly on half-hourly or auto rides across the way to San Francisco.

An estimated 150 persons were aboard when the relief train headed to a stop at the end of the track.

Fifteen, including two stretcher cases, had got off at San Francisco. Others left at later stops.

Half an hour after arrival at Oakland, some still popped out.

Three Dr. Walter H. L. Boach of Middletown, Ohio, said the experience was "something I'll never forget."

The sturdy and gray 52-year-old physician had worked tirelessly to treat some 60 victims of gas forces that seeped through the train shortly after regular head out in the 26-degree temperature Monday. Only a few remained ill.

He said his wife, who had brought along a shoebox filled with medicines.

Most of the passengers were matter-of-fact about their experience.

"We felt eventually someone would get to us," said Philip Gordon, a San Francisco furniture man.

Morale generally was high but the worst thing was reports that rescuers could move only a mile an hour and other discouraging news.

"The people should feel lucky they got out," said Air Force Lieut. Howard Jones of Stuart, Va. "If the storm hadn't broken yesterday, they'd still be there."

Jones, one of four men who hiked from the train Monday, explained how fierce winds and new snow slowed rescue work the first two days.

"It occurred to me at times we might not get out," said Thomas McDonald of Minneapolis, a vice president of Minneapolis-Honeywell Regulator Co. "This terrific storm was raging. We knew every effort made had failed and show was continually building up."

George Hammond, formerly of the New York Sun, now executive vice president of Carl Hyatt Associates, New York, said:

"It is a hard thing to realize that the weather could overpower the powerful City of San Francisco and the equipment sent to rescue it."

"When you're stalled so long and know that five snowplows sent to help are failing, you begin to wonder how you could get out of this mess."

"But four youngsters beat the elements. They are Dennis Wild, Jack Holland, Bob Cooper and Louis Barbieri, all of the ski patrol from Soda Springs Lodge.

"They did a great job in boosting the morale on the train when they brought in the first word from the outside world."

"They came through hazards when nothing else could get through."

Some of those aboard were delegates to the Republican National committee convention, opening today.

Others still had vacation trips ahead, some to Hawaii.

Sen. Murray (D-Mont) discounted Martin's comments as "campaign talk," but said he agrees with him on one point: "We both hope the President will seek re-election."

Murray said he also agrees with Sen. Anderson (D-NM) that Democrats are going to insist that Mr. Truman run again.

### Governor Announces Appointments

Little Rock, Jan. 17.—Gov. McMath, announcing the following appointments yesterday:

DeWitt Stinson, Benton, head of the Board of Control of Arkansas State Hospital, succeeding Ross McDonald of Benton, term expired.

W. Lee Hopkins of Teggartano State Board of Barber Examiners, replacing Frank Gaston of El Dorado, resigned.

Fred White of Prescott, State Banking Commission, succeeding Richard Steel of Conway, term expired.

Mrs. William Nash of Little Rock, board of trustees, Arkansas Agricultural and Mechanical College, replacing Ned Stewart of Texarkana, term expired.

Mrs. W. F. Floyd Bates of North Little Rock, Board of Management, Fargo Training School, succeeding Dr. W. J. Ketz of Batesville, resigned.

M. H. Russell of Lake Village, Board of Trustees, Tonderson State Teachers College, succeeding H. B. Dehman of Prescott, term expired.

Appointments announced by the governor:

Will Brooking of Conway, Arkansas Police Commission.

Judge John E. Chambers of Danville, Board of Trustees, Arkansas Polytechnic College.

Dr. E. D. McKnight of Brinkley, State Board of Health.

Dr. Ralph Cramer of Fort Smith, Board of Trustees, Arkansas Tuberculosis Sanatorium.

John Whalen of North Little Rock, Board of Trustees, Arkansas School for the Blind and Deaf.

C. E. Pringle of Pocahontas, Board of Trustees, Boys Industrial School.

Dr. T. E. Burgess of Little Rock, Confederate Home Board.

Miss Blanche Martin of Little Rock, Board of Management, Girls Training School.

J. F. Wald of Helena, Board of Trustees, Southern State College.

Based on 1949 vital statistics, babies born in the U. S. in 1941 survive for an average of 67.6 years.

that the weather could overpower the powerful City of San Francisco and the equipment sent to rescue it.

"When you're stalled so long and know that five snowplows sent to help are failing, you begin to wonder how you could get out of this mess."

"But four youngsters beat the elements. They are Dennis Wild, Jack Holland, Bob Cooper and Louis Barbieri, all of the ski patrol from Soda Springs Lodge.

Murray said he also agrees with Sen. Anderson (D-NM) that Democrats are going to insist that Mr. Truman run again.

### Second Phase of Methodist Meet Starts

Little Rock, Jan. 17.—The second phase of a two-state Methodist Evangelistic Mission opens in Arkansas tomorrow.

Some 41 guest pastors, most of them from Louisiana, will be assigned to an equal number of industrial churches in 12 Methodist districts of Arkansas.

Beginning Sunday, the guest ministers will conduct services in the churches each night through Friday, Jan. 25.

That'll be only part of the mission program. There will be schools of Evangelism and other instruction in each district daily and visitation by laymen to persons who are not church members.

Saturday there'll be a youth rally in each district.

The mission will end with district-wide rallies on Sunday, Jan. 27.

The visiting Ministers, however, will have completed their part in the program on Jan. 25 to allow them to return to their own churches for Sunday services.

Each morning at 11:30 there will be a telephone hookup among all 12 districts for reports of progress of the mission in each district.

The first phase of the mission was held last month. At that time ministers from the 12 Arkansas districts visited in Louisiana districts and two in South Arkansas—the Camden and Hope districts.

This time the Louisiana and South Arkansas ministers are the visitors.

At Pointe de Grave at the mouth of the Grande, Americans will find a memorial to the first U. S. troops to land in France in 1917.

In the fiscal year 1949, 189,317 immigrants were admitted to the United States.

The infants, three boys and girl, are in a hospital at Nashville, 20 miles southwest of here. Babies are reported in good shape. They are in incubators, and public is not allowed to visit them.

Mrs. Ponder is at the farm in her mother-in-law's home. Her condition is good.

### Pa on TV Continued from Page One

Rep. Tackett said he passed an auto trip to Washington, his family "to help out a co-worker."

The infants, three boys and girl, are in a hospital at Nashville, 20 miles southwest of here. Babies are reported in good shape. They are in incubators, and public is not allowed to visit them.

Mrs. Ponder is at the farm in her mother-in-law's home. Her condition is good.

Pendergraft — Cofield Vows Exchanged

Miss Paula Cofield, daughter of Mr. and Mrs. P. H. Cofield of Emmet, became the bride of Robert R. Pendergraft, son of Mr. and Mrs. W. C. Pendergraft of Westville, Oklahoma, January 5, at 8 p.m. in the Methodist Church of Westville.

The wedding was solemnized before an altar banked with tall white baskets of gladioli and ferns by the Reverend A. C. Cooley. The bride and groom wore Mrs. and Mr. Harold Moss of Westville for their attendants.

For her wedding attire, the bride wore a champagne shirtdress suit with accessories of shaded lavender and purple. She pinned an orchid at her shoulder.

Preceding the exchange of vows traditional wedding music was played softly by Mrs. Lena Cabel and Mrs. George Murrain sang "I Love You Truly."

The couple will make their home at Westville.

Mrs. Pendergraft, a recent graduate of the University of Arkansas, is a home economics instructor in the Westville Public Schools.

Mr. Pendergraft is a teacher at A&M College, Okmulgee, Oklahoma.

Myers — Ramsey Wedding Announced

Announcement is made today of the marriage of Joy Ramsey Case, daughter of Mr. and Mrs. Bill Ramsey, to James Lee Myers, son of Mrs. J. L. Myers and the late J. L. Myers formerly of this city, now of Little Rock.

The single ring ceremony was performed by the Reverend Virgil Keely in the Methodist parsonage, Wednesday, January 16, at 4 o'clock.

Mr. and Mrs. Connie G. McKee were the couple's only attendants.

The bride was dressed in a bluish pink satin suit and hat with brown lizard accessories. Her corsage was of white gardenias.

Mrs. McKee's dress was of navy shantung with navy and pink accessories. Her corsage was of pink gardenias.

Following the ceremony, a small reception was held at the home of Mr. and Mrs. Jack Wilson for the bride and groom and a few close friends.

After a wedding trip to Hot Springs, the couple will be at home in Dallas.

Lilac Garden Club Meets Wednesday

The Lilac Garden Club met on Wednesday afternoon in the home of Mrs. D. M. Floyd, South Main. The co-hostesses were Mrs. K. E. Ambrose and Mrs. Floyd Porterfield.

The home was decorated throughout with pink, yellow and white japonica.

Mrs. Herbert Stephens, first vice president, presided over the business session. The meeting was opened with everyone repeating the club creed.

Reports from the secretary and treasurer were read and approved. One new member, Mrs. J. M. Harbin, was voted into the club. Mrs. Fongle Moses was asked to be club representative in the City.

Federation to assist in organizing a junior garden club.

Mrs. Pat Casey was the leader of the program. She introduced Mrs. S. G. Norton who spoke on "Six Perennial Questions." Mrs. R. L. Broach spoke on "What to Do in January." She gave many helpful suggestions as to what can be done in the garden this month.

The hostesses served cake and speed punch to seventeen members and one guest, Mrs. R. L. Broach.

Spring Hill PTA Meets January 14

The Spring Hill PTA met Jan. 14 with the president, Mrs. Frank Smith, opening the meeting. The Rev. Claude Clark led the prayer. Minutes were read and members were appointed to be in charge of the refreshments for the Basketball Tournament to be held in February. Several volunteered to help the County Health Doctor and Nurse when they visit the school.

Mr. Elmer Brown gave a talk on the "Trend of Modern Education" to a large crowd. The room count was given to the eighth grade.

After the meeting the parents visited their child's room and met the teacher.

Wisteria Garden Club Sees Film on Flowers

The Wisteria Garden Club met Wednesday afternoon at 2 o'clock at the home of Mrs. Will Ed Walker with Mrs. Ferris Downs assisting.

A film on flowers was shown at the home of Mrs. H. L. Haneagan. A short business meeting was held by the president, Mrs. Fred Gresham. Two new members Mrs. Ralph Rothman and Mrs. Marshall Blackard, were voted into the club.

Coffee and cake was served to twelve members and the two hostesses.

Coming and Going

Mrs. John Allison of Washington, D. C., is visiting her parents, Mr. and Mrs. R. O. Bridewell.

Mr. Charles Bridewell of Morriston is the guest of his parents, Mr. and Mrs. R. O. Bridewell.

Births

Mr. and Mrs. Frank Gregg of Dallas, Texas, announce the arrival of a daughter, Daryle McRae on January 17, 1952. The maternal grandparents are Mr. and Mrs. J. McRae Andrews of this city.

## Clubs

Centerville

Mrs. D. L. Fought was hostess to the Centerville home demonstration club Thursday evening, Jan. 10.

The president, Mrs. Sid Skinner called the meeting to order. The club creed was repeated by the group.

The hostess gave the Devotional by reading from the book of Psalms 18: 7-14 followed with prayer by Mrs. Sid Skinner. New year books were given each member after the roll call and minutes were read by the secretary-treasurer, Mrs. David Waddle. A business session was held and new leaders were elected for 1952.

Mrs. Lorraine Blackwood gave a very instructive talk on the food value of milk and how to mix milk drinks.

A demonstration on etching was given by Mrs. Blackwood.

Mrs. Roy Green won the surprise package. Refreshments were served by the hostess to 14 members, one new member Mrs. W. M. Jones, and one guest, Mrs. Shirlgrove. The meeting adjourned to meet in February with Mrs. W. M. Jones.

Doyle

The Doyle Home Demonstration Club met Jan. 9 in the home of Mrs. Odene Westfall. The meeting was called to order by the president, Mrs. Van Cook followed by prayer led by Mrs. Earl Breedlove. The roll call was answered with "The number of milk cows we have."

There were five members present: Mrs. Lorraine Blackwood, Home Demonstration Agent, and three children were also present.

By unanimous approval the meeting date was changed from the second Wednesday to the first Tuesday.

Mrs. Blackwood passed out the new year books then explained the things we should try to do in 1952.

Mrs. Blackwood gave an interesting talk on milk and milk drinks. She also explained the etching of glassware and showed samples.

The hostess served refreshments to all present. The next meeting

## DOROTHY DIX

## Talent Not Required

Dear Miss Dix: I am a married woman and a mother. Just like millions of other women, I am fairly young, fairly nice looking (in a neat sort of way) and a fairly good wife and mother. But if my complaint, I am not really good at anything just for it seems to me that everyone I know has a talent for something. Not so with me, and with my duties to my home I have little time to learn to do something well. It isn't that I lack of talent makes me especially unhappy, but I would like to be able to do something that I could be proud of. Can you suggest something?

Answer: Great talents are very sparsely distributed. After all, that's why they command such great respect. If everyone had the ability to write the news, compose dramatic music or paint a beautiful picture, their talents would be commonplace. The fact that you were not born with a great gift for creative art does not by all means, deny you to a non-script existence. You can if you really wish, become thoroughly accomplished in the arts within your home. In this field, too, you will find many girls with natural talents who are likely

to frighten off less gifted housewives. However, with home arts, almost everyone can acquire impressive skill. With you it will take more time and painstaking effort than if you were born with a gift for cooking or sewing, but attaining perfection is not impossible.

Be Determined  
You must, first of all, be absolutely determined to conquer your chosen field, be it cooking, sewing, decorating, knitting or some allied art. Then, if you can spare the time or money to go to school or take a course in the subject, if that is impossible, buy a book! One of the great blessings of mankind is the availability of books. Books on any subject, books providing instruction in any craft. Detailed in their instruction, helpful with their guidance, enlightening in their scope! Read, practice and repeat! Over and over until you can knit a perfect sweater, make a perfect pair of draperies, bake a perfect pie, grow a perfect flower. Any one of these things you can do with patience. One perfection leads to a mother, and soon you'll have a most

astounding array of talents you never suspected.

Just wishing to be talented will get you nowhere: just reading about other people's achievements will accomplish nothing; you must do. Forget the unsuccessful attempt and begin right away with another try.

Dear Miss Dix: Jerry, the boy I like sometimes acts as though he likes me, then suddenly he comes absolutely indifferent. I believe he does like me, but the boys he goes with lead him so much he doesn't want to show it.

Answer: Your Jerry is just a bashful adolescent and you shouldn't worry too much over his attitude. Just be good friends and as he grows older and more sure of himself, he won't be so reticent in his attentions. Don't try to rush him or he'll be scared off permanently.

Dear Miss Dix: I'm 18 years old and have been going with a

One perfection leads to a mother, and soon you'll have a most

astounding array of talents you never suspected.

Just wishing to be talented will get you nowhere: just reading about other people's achievements will accomplish nothing; you must do. Forget the unsuccessful attempt and begin right away with another try.

Dear Miss Dix: Jerry, the boy I like sometimes acts as though he likes me, then suddenly he comes absolutely indifferent. I believe he does like me, but the boys he goes with lead him so much he doesn't want to show it.

Answer: Your Jerry is just a bashful adolescent and you shouldn't worry too much over his attitude. Just be good friends and as he grows older and more sure of himself, he won't be so reticent in his attentions. Don't try to rush him or he'll be scared off permanently.

Dear Miss Dix: I'm 18 years old and have been going with a

## DOROTHY DIX

## Talent Not Required

Dear Miss Dix: I am a married woman and a mother. Just like millions of other women, I am fairly young, fairly nice looking (in a neat sort of way) and a fairly good wife and mother. But if my complaint, I am not really good at anything just for it seems to me that everyone I know has a talent for something. Not so with me, and with my duties to my home I have little time to learn to do something well. It isn't that I lack of talent makes me especially unhappy, but I would like to be able to do something that I could be proud of. Can you suggest something?

Answer: Great talents are very sparsely distributed. After all, that's why they command such great respect. If everyone had the ability to write the news, compose dramatic music or paint a beautiful picture, their talents would be commonplace. The fact that you were not born with a great gift for creative art does not by all means, deny you to a non-script existence. You can if you really wish, become thoroughly accomplished in the arts within your home. In this field, too, you will find many girls with natural talents who are likely

to frighten off less gifted housewives. However, with home arts, almost everyone can acquire impressive skill. With you it will take more time and painstaking effort than if you were born with a gift for cooking or sewing, but attaining perfection is not impossible.

Be Determined  
You must, first of all, be absolutely determined to conquer your chosen field, be it cooking, sewing, decorating, knitting or some allied art. Then, if you can spare the time or money to go to school or take a course in the subject, if that is impossible, buy a book! One of the great blessings of mankind is the availability of books. Books on any subject, books providing instruction in any craft. Detailed in their instruction, helpful with their guidance, enlightening in their scope! Read, practice and repeat! Over and over until you can knit a perfect sweater, make a perfect pair of draperies, bake a perfect pie, grow a perfect flower. Any one of these things you can do with patience. One perfection leads to a mother, and soon you'll have a most

astounding array of talents you never suspected.

Just wishing to be talented will get you nowhere: just reading about other people's achievements will accomplish nothing; you must do. Forget the unsuccessful attempt and begin right away with another try.

Answer: You present just about as unattractive picture of a boy as I've ever heard. What in the world has he to offer as compensation for all these serious, sad faults? He's untrustworthy, inconsiderate, ill-mannered and temperate. Does that galaxy of qualities appeal to you as a husband material? You could scarcely do worse. Diane, better take stock of yourself and realize what a disastrous situation you're headed for.

Answer: Your Jerry is just a bashful adolescent

## Grain Losses Involve an Arkansas Firm

Washington, Jan. 17 (AP)—A \$1,000,000 loss of four million dollars in government-owned grain has turned the attention of an Arkansas firm.

Sen. Aiken (R-Vt.) said yesterday a report written by Comptroller General Louis C. Warren mentions the alleged loss of \$139,807 on government wheat stored at Arkadelphia, Ark.

Aiken said the report cites the officers of the Arkansas company, J. T. Tipps and Kenneth T. Connter, both of Memphis, because they had no experience in handling grain.

"And they did not take care of it," the report continued. It contends that the wheat spoiled and was sold as chicken feed.

The Arkadelphia office of the company (Southern Grain and Storage Co.) closed Jan. 1.

A Department of Agriculture official in Little Rock said he had no knowledge of the Arkadelphia grain pilage.

### BURNS FATAL

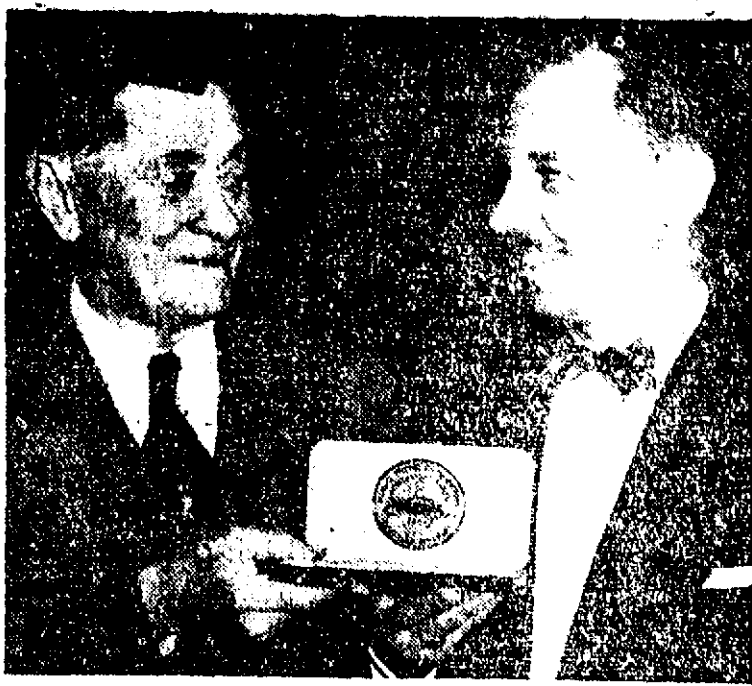

Coffeyville, Kas., Jan. 17 (AP)—Ferdinand Kitterle, 100, died here yesterday of burns suffered Sunday when his bed clothing caught fire from a pipe he was smoking. He formerly worked for an Arkansas City mill company.

From Venus the earth at its brightest would appear about six times as brilliant as Venus ever does to us.

## ASTHMA

SUFFERERS FIND CURE FOR MISERY DUE TO ASTHMA ATTACKS. RUSHED HERE! New hope for relief from asthma symptoms is seen today in reports of success with a palliative formula which acts to relieve congestion. Men and women who formerly suffered with dread coughing, choking, wheezing asthma attacks now tell of blessed relief after using it. PROMETIN costs \$5, but considering results, this is not expensive. Amounts to only a few pennies per dose. (Caution—use only as directed.) PROMETIN is sold with strict money-back guarantee by John P. Cox and Crescent Drug Stores, Hope — Mail Orders Filled

## CHRYSLER GETS BEST CAR AWARD

Best engineered car—that is the title given the 180-horsepower Chrysler Firepower V-8 by Motor Trend Magazine in the February issue. Shown accepting Motor Trend's Engineering Achievement Award from editorial director Walter Woron (right) is David A. Wallace, president of Chrysler Division, Chrysler Corporation. Using stock automobiles Motor Trend rated competitive makes on simple engineering calculations gathered throughout the year. Chrysler scored first in nine of thirteen categories and received 176 points in the scoring—23 points ahead of the next make.

Best engineered car—that is the title given the 180-horsepower Chrysler Firepower V-8 by Motor Trend Magazine and announced in the February issue which will be on the newsstands this week-end.

Officials of the Chrysler Corporation, headed by Division President David A. Wallace were hosts at a press party in Detroit at which Motor Trend Publisher R. E. Peterson awarded the Chrysler Division the Motor Trend Engineering Achievement Award.

Motor Trend Magazine stated in announcing the award to Chrysler: "The Best Engine will give you the best performance; the best brakes will bring you to the quick-stop. By actual tests, conducted with the aid of the most accurate instruments obtainable for the job, the new Chrysler V-8 is the best of a representative 15 of the 1951 American production cars."

The magazine story points out that the award is devoid of personal opinion and is based on a set of relatively simple engineering calculations gathered during the past year—Motor Trend Motor Trials—which rate the performance of various makes of automobiles.

"We take absolutely stock automobiles, equipped as you will buy them, and drive them as hard as you can possibly drive them," the article stated. "Nothing is in-

## Government to Act in Sweater Sales

Washington, Jan. 17 (AP)—The government is going to try to punish people who have peddling "flashy" sweaters.

Chairman James M. Mead of the Federal Trade Commission said yesterday agents have been sent to New York, Baltimore, Philadelphia, Providence, R. I., Kansas City and Los Angeles to check on reports of "flash" sweaters being sold.

Mead said the agents will examine suspected garments to see if any federal laws have been violated.

Investigation so far, Mead said, indicates most of the sweaters have been sold by peddlers, not retail stores.

cluded in this table which cannot be measured or calculated."

Chrysler tops the list, of course, for brute force delivered to the wheels. This is not a major accomplishment since it has the highest hp rating of any American production car, but in the ratio of road horsepower to engine size and cost weight, Chrysler has done well.

In the power to weight ratio and the road horsepower per cubic inch counts we find the award winner is tops. The last category is important because it is a measure, in part, of the efficiency of the engine itself. It tells how much work is being extracted from each basic unit of the engine's swept volume. Chrysler's position at the top is largely due to its excellently designed valve and combustion chamber region.

Present at the award luncheon from Chrysler Corporation were Chairman of the Board K. T. Keller and President L. L. Cabot.

In addition to Wallace, Chrysler Division was represented by Ed C. Quinn, vice president and general manager; J. A. O'Malley, general sales manager; R. H. Appleman, assistant general sales manager; John H. Caron, director of advertising; C. C. Lockwood, assistant director of advertising; and E. A. Bachelor, editor of "Chrysler News."

Chryslers are handled in Hope by the Num-McDowell Motor Co.

## Coffee Prices Advance on Some Brands

By The Associated Press

Retail prices of some brands of coffee and ice cream advanced a little in many stores this week and the boosts were expected to become more general in the weeks ahead.

Most shortening and margarine prices, on the other hand, declined one or two cents a pound, reflecting recent reductions in raw materials costs. Salad oils also were a trifle lower.

Prices of both eggs and butter leveled off after last week's declines and butter even turned upward in some places as consumer price resistance faded.

Meats and poultry held about steady. Smoked hams, pork loin cuts and frozen fish were stressed by several store chains and large independent markets for week-end advertised specials.

On most fresh produce counters, snap beans, broad beans, cabbage, lettuce and grapefruit were marked down slightly, while beets, carrots, cucumbers and peppers edged higher. Tangerines, apples, eggplants, asparagus, caviars, kais, radishes and spinach were plentiful generally. Volume shipments of lima beans got under way. Tomatoes were offered in a wide quality range, with the best bringing fairly high prices. Latest arrivals of lettuce showed much improved quality over recent shipments.

The cent-a-pound boost in prices of a few nationally advertised brands of coffee was the first major change in roasted coffee in about a year, although there had been some temporary fluctuations—called "competitive adjustments"—by the trade. Rising prices of green coffee were blamed for the advance.

The Agriculture Department's production and marketing division recommended food shoppers give special attention to ducks as a menu attraction during the next three weeks because of the abundant supply. More than 11 million pounds of commercially-grown ducks are ready for market.

Other most-plentiful foods for thrifty buying this week, FMA said, are frozen ocean perch, frozen whiting, fresh oranges and tangerines.

## Jury Gets Shreveport Bribery Case

Shreveport, La., Jan. 17 (AP)—A 12-man jury was expected to begin deliberating the case of suspended U. S. Attorney Harvey L. Carey in Federal District Court today.

Carey, described by the defense as a young man trying to play "Mr. District Attorney," is charged with asking a \$50,000 bribe from Lewis Hart, Texas oilman, to settle 30 pending perjury counts against Hart and four of his employees.

The government was ready to complete its final arguments in the eight-day trial after court resumed this morning. The farmer-business man jury probably will receive the case after the noon recess.

It convicted, the 36-year-old Carey could be fined \$100,000 and sentenced to three years in prison.

Defense Attorney Whitfield Jack concluded his final arguments to the jury late yesterday.

"What Carey did was very ill-advised. He was playing Mr. District Attorney. This young man has come a long way and he saw himself as a big shot and he would have been. That's my explanation of what he did."

The defense contended Carey was playing a "big shot's" role alone in an attempt to trap the 58-year-old Texan into offering a definite bribe.

Jack introduced a letter that Carey wrote to U. S. Attorney General J. Howard McGrath in which the suspended attorney said he became involved in the situation because of his "dumbness."

Jack said Carey had been district attorney for only four months when he was suspended and that his practice of criminal law prior to that time had been extremely limited.

The government offered testimony to show Carey was willing to "settle" the perjury charges against Hart for a \$50,000 campaign contribution.

## Coast Guard Ready to Abandon Search

Seattle, Jan. 17 (AP)—With hope all but gone, the Coast Guard today reduced its search for the freighter Pennsylvania and the missing crewmen to a one-cutter basis.

Aerial search was halted last night for the 45 or 46 crewmen who now have been unheard from for nearly eight days.

The only search for the crewmen today was being conducted on a limited basis by the cutter Yacona of Eureka, Calif. Meanwhile, Coast Guard officials said they plan a full dress inquiry into the tragedy, including particular investigation of the ship's previous voyage.

On that trip, from San Francisco to Japan, the Pennsylvania was forced to turn back after being 1,500 miles out and have repairs made to a split in her starboard side.

INDUSTRIALIST DIES Rome, Jan. 17 (AP)—Pio Perrone, well-known Italian industrialist and publisher of Il Messaggero, one of Rome's leading newspapers, died last night at age 74.

### Boy, 3, Is a Preacher

West Memphis, Jan. 16. (AP)—Mrs. P. R. Askew tried to sink through the floor when her son Danny got up to preach to a startled congregation.

Danny is 3.

It happened Sunday at the West Memphis Church of Christ and kicked up quite a sensation.

"Danny's always playing like he's a preacher," the said. "Preaches to his dogs. Gets out in the back yard and sings and mumbles and claps his hands."

But Danny had never made any trouble in church before. Mrs. Askew was startled but not uneasy when they started singing the Lord's Supper and all of a sudden Danny wasn't sitting beside her any more.

"I looked up," she said, "and there he was, walking up right up to the altar."

"Danny stood at the pulpit. His mother said he mumbled and he sang a little, all very serious. And then he looked down at the communion table, he reached for a glass, but couldn't make it."

"So Danny looked at one of the men. He stretched out his hands to indicate great height and said: 'When I get this big, I'm gonna have some of that.'"

In the hush that followed, Danny looked around. His mother's eyes caught his, and what he saw dampened his spirits. He quietly sat down in the pastor's chair and stayed there.

### Rickenbacker's Pal Seeks Congress Seat

Burlingame, Calif., Jan. 15. (AP)—James C. Whitaker, who with Capt. Eddie Rickenbacker, survived 21 days on a life raft in the South Pacific in World War II, wants to go to Congress.

The Burlingame contractor, a Republican, today announced his candidacy for the new San Mateo County district.

The life raft experience occurred in 1942, after their plane had to be ditched.

**When Mean Colds Stuff You Up**

It's so easy to relieve coughs and stuffiness of colds in a hurry this home-proved way... with 2 spoonfuls of Vicks VapoRub in a vaporizer or in a bowl of boiling water directed in package.

Just breathe in the steam! Every single breath carries VapoRub's soothing medications deep into throat and large bronchial tubes. It medicates irritated membranes, helps restore normal breathing. For coughs or upper bronchial congestion there's nothing like using Vicks VapoRub in steam.

For continued relief all-day rub it on throat, chest and back.

**VICKS VAPORUB**

## PRESCOTT NEWS

Mrs. J. R. Bemis and Mrs. H. L. Eaton were hosts for the January meeting of the Rose Garden Club, Tuesday afternoon at the home of Mrs. Bemis on East Main Street.

The vice-president, Mrs. Bemis, presided over the business meeting.

Each member answered the roll call by naming their favorite of the winter bulb.

Mrs. F. G. Bennett, president of the Flower Arrangement Club, by Rockwell and Grayson.

Members brought vegetables and fruit arrangements which were judged, with honors, given to Mrs. Bennett for first place, Mrs. Bennett, second and Mrs. J. H. Eaton, third.

A delectable dessert course was served to 11 members.

The Leo Cox Davis Bible Class of the First Methodist Church met at the home of Mrs. Joe A. Bailey for the regular monthly pot luck social. Co-hostesses were Mrs. Alice Avery, Mrs. Arthur Turner and Mrs. E. F. Shell. With pot plants and handbags used through out the party.

Mrs. Andrew Gordon, class president, presided over the social business session. Mrs. Lucy Siffer gave the invocation, and Mrs. Jim Cude, the Devotional. Mrs. Arthur Turner was in charge of the entertainment during the social hour.

Supper was served from the dining table which was centered with handbags attractively arranged. 31 members were present for the occasion.

Mrs. J. C. Stearns Sr. and Mrs. Warren Cummings were hostesses Wednesday, Jan. 9 to the Musical Caterie, at the home of Mrs. Stearns on East Main Street. Arrangements of handbags were used at various points through out the house. Mrs. L. J. Bryson, president, presided, during the business meeting.

Mrs. Dallas Atkins, program chairman, gave a most interesting talk on "Foreign and National Attitudes." Two youth solos, "My God to Thee" and "Rock of Ages" by Mason, were beautifully rendered by Mrs. J. V. McMahon, accompanied at the piano by Mrs. Dudley Gordon. Mrs. L. J. Bryson and Mrs. Joe Hamilton sang a vocal duet "Stand up, Stand up For Jesus" by Webb. Mrs. Warren Cummings was the accompanist. Refreshments were served to 13 members present.

Mr. and Mrs. R. C. Boyd of Little Rock, spent the week end here with Mrs. Boyd's father, Mr. Wallace Henderson and Mrs. Henderson. Mr. Boyd has just recently returned to the States after spending 24 years in Japan and Korea.

Capt. and Mrs. Jack Simpson and small daughter arrived this week and are the guests of his parents, Mr. and Mrs. Pat Simpson. Capt. Simpson is home after a year and one half on Okinawa. They will leave Saturday for Long Beach Calif.

Mr. and Mrs. Highley Homer and daughter, Mary Beth of Sikeston, La. have returned home after having been the guests of Mr. and Mrs. E. E. Homer.

Mr. and Mrs. Vernon Fore, were guests Sunday in Malvern of Mr. and Mrs. Tom Ross Jr. and family.

Mr. and Mrs. Joe Lavender of

### Committee Hears Report by Acheson

By JAMES MARLOW

Washington, Jan. 15. (AP)—Behind closed doors Secretary of State Acheson told the Senate Foreign Relations Committee the position of the free world is somewhat better than it was a year ago.

"So far as it goes, that's right. It doesn't go far enough," President Truman, in his message to Congress, gave the rounded picture when he said this is a "critical year."

A year ago the Chinese Communist had us in such bad shape there was talk we might abandon Korea. Now we have them in a position where they're talking about that's some improvement.

Last year when Atlantic Pact troops in Europe were in skeleton shape there was some fear the Russians might attack by force. Now the number of Atlantic Pact divisions is larger.

Last year at this time defense production was far worse off than now. Defense Mobilization Wilson says in the past year "we have come a long way along the road toward a ready America."

While Acheson talked to the Senate's foreign relations committee, Gov. Omar Bradley, head of the joint chiefs of staff, was talking to his armed services committee behind closed doors.

Later Chairman Russell, Georgia Democrat, told reporters Bradley said the joint chiefs have only a few plans ready if the true talks with the Chinese fail. This might indicate we could whip the Chinese if we tried.

But Senator Morse, Oregon Republican and a member of Russell's committee which heard Bradley, also spoke to reporters and he said:

"When we talk about holding a line in Korea because we are not in a position to conduct an offensive, we had better begin to give the boys what they need."

That would seem to indicate we are not any more anxious for a big offensive, and no more able to conduct one, than the Chinese who have been stalling in the three talks.

And, Morse said, defense production is "far below what it should be." He called for an investigation of the whole mobilization program.

As for Europe... while we and our Allies have more divisions there now than a year ago, they're hardly enough to stop the Russians on land although we might stop or slow them by atomic bombing.

So, while the Allied position has improved somewhat in the areas just mentioned, it is a long way from a happy ending. At the same time the picture has darkened in other areas.

This country has made it clear we believe the greatest danger to the free world is a Russian attack in Western Europe and stopping them, or discouraging them from starting, is our No. 1 job.

It's just possible the Russians don't consider an attack on Western Europe their No. 1 job.

In this past year our strongest ally, Britain, has suffered tremendous setbacks in Iran and Egypt, both part of the Middle East which is vital to the West. The strength and position of the West

### Billy Rose Would Question Jarrett

New York, Jan. 16. (AP)—Broad way showman Billy Rose is seeking court permission to question his estranged wife's former husband, land leader Art Jarrett, about their divorce.

Rose's wife, former Olympic swimmer Eleanor Holm, was divorced from Jarrett in Los Angeles in June, 1950. She married Rose the following year, and sued him for separation several months ago.

State Supreme Court Justice Bernard Botwin tomorrow will hear a motion filed by Rose for permission to take a deposition from Jarrett. The action was disclosed yesterday.

The papers were immediately impounded and sealed along with other documents in the suit.

However, Rose's California attorney recently said he had been asked by the showman to check into the legality of the 1950 Jarrett-Holm divorce.

Another hearing in the case is set for February on Rose's application for an order restraining his wife from entering his home from Brooklyn home. She has been awarded the right to live in the home and \$700 a week temporary alimony.

### Atlantic Council to Meet in Lisbon

London, Jan. 16. (AP)—The North Atlantic Council today was called to meet in Lisbon Feb. 16.

Announcement of the new date—the original meeting scheduled for Feb. 2 in Lisbon was postponed.

It was made by Lester Pearson, Canadian secretary of state for external affairs and chairman of the council.

France had asked the postponement to gain time for more discussion of the projected European army, proposed as a nucleus for the 12 nation North Atlantic Treaty Organization's military force to defend the West against Soviet expansion.

Meanwhile the French government has fallen and France is still without a cabinet which can reach decisions on the army plan.

The plans for the army, which would include West German air, land and sea units as well as forces from France, Italy, Belgium, The Netherlands and Luxembourg, is a major question facing the council members in the foreign, defense and finance ministers of the 12 NATO countries.

### Man Charged With Manslaughter

St. Smith, Jan. 16. (AP)—O. N. Morris, 72, has been charged with voluntary manslaughter in the fatal shooting of his son-in-law last Sunday night.

Prosecutor James A. Gutsensohn said today that Morris, 31, the father of six children, who shot fatally when he attempted to force his way into Morris' apartment.

He was charged with manslaughter in the fatal shooting of his son-in-law last Sunday night.

The shooting occurred in the apartment of Morris' son-in-law, who was shot fatally when he attempted to force his way into Morris' apartment.

And some more tons to that. And some producers hope we can top the million ton mark this year. Meanwhile, a number of low grade copper ore bodies are going to be exploited, with the help and encouragement of the government, in from two to five years more our supply will be still greater.

Copper men stress this expansion program and the hope for easing of the over all shortage this year in fighting moves to substitute other metals, chiefly aluminum, for copper in industrial production.

But aluminum continues to spread into fields formerly held by copper. A new type of coaxial cable is the latest example. The helps Dodge Copper Products Co. announces it is placing this cable on the market. It uses extruded aluminum pipe as the outer conductor and sheath. The inner conductors are of copper.

The new cable was invented in Germany. It is offered to both the electric power and the communications industries.

And since the first of the year copper scrap is beginning to flow again, some fabricators report that Others say the shortages of some forms of copper products are much less acute now.

Domestic production of copper is slowly expanding, too. In 1950 we produced little more than 900,000

### Metal Shortage Appears to Be Easing

By SAM LAWSON

New York, Jan. 16. (AP)—The first faint signs of easing in the non-ferrous metals shortages are appearing.

Dealers and producers still have plenty of customers for copper, lead, zinc, and aluminum — and the government is still curbing metals use in making civilian goods. But metals men who used to disconcert merely, "where can we get metal?" are now beginning to ask, "how soon are these shortages going to be over?"

The signs include: America is going to get tin again from Malaysia, and aluminum from Canada. She hopes more copper will come in from Chile.

And now the premium markets in Europe are beginning to disappear. Europeans won't pay more than the American ceiling price of 10 cents a pound for lead and for the first time in months foreign lead is being offered here at ceiling.

Copper could be sold a few months ago in Europe for twice the domestic ceiling price here of 21 1/2 cents a pound. That premium price is slipping fast abroad, metals dealers say. Europe hasn't the dollars any more to buy and the severe buying urge is waning.

Zinc is now bringing little more in Europe than it is here.

The tin shortage here has been due in large degree to a dispute between the government and Bolivia over price. Washington is moving to put bargaining pressure on Bolivia by coming to terms with the British. The United States will buy 20,000 tons of Malayan tin at \$1.18 a pound. This is about one-fourth of the amount of tin America uses each year. Britons can use those dollars. And Americans are getting pretty short of tin.

The Bolivians have been asking \$1.50 for their tin and Washington has been offering \$1.12. The ceiling price is \$1.12, but the government, which buys and sells all the tin used by Americans, has been selling it here for the stockpile at \$1.13 a pound. The tin supplies for industry had almost disappeared while Washington and La Paz haggle. The Malayan tin probably will keep the lower end on the American scene for a time longer.

The aluminum coming in from Canada is a loan from Britain to tide us over a period of great demand for the metal for defense purposes. As American aluminum production facilities expand this year, we'll be able to repay the aluminum to the British for whom it was originally earmarked by Canada.

The copper shortage has been aggravated by the lack of enthusiasm of foreign producers for our ceiling prices—24 1/2 cents a pound for domestic copper, 27 1/2 cents for foreign. At one time these foreign producers could get 34 cents a pound in Europe for their copper. With the premium market dry up, more foreign copper is expected to come to the United States.

And since the first of the year copper scrap is beginning to flow again, some fabricators report that Others say the shortages of some forms of copper products are much less acute now.

Domestic production of copper is slowly expanding, too. In 1950 we produced little more than 900,000

### Pin Curley Feud Is Over

Antioch, Calif., Jan. 15. (AP)—The pin curley feud is over. Theola Barton, 15, can wear em to high school if she insists.

She does.

Yesterday she came back to school for the first time since last March. She was permitted to stay.

In March, the teacher sent her home to "get dressed." Her irate parents kept her there. They finally were cited for keeping her out of school.

Justice Yates F. Hamm fined the parents \$10 each last Friday.

The parents, Mr. and Mrs. Amos Barton, say they'll go to jail before they'll pay.

But anyhow, Theola's in classes again.

Justice Yates F. Hamm fined the parents \$10 each last Friday.

The parents, Mr. and Mrs. Amos Barton, say they'll go to jail before they'll pay.

### Three Towns Seek CS Franchise

Helena, Jan. 16. (AP)—At least three cities have offered to take over the Class C Cotton States League franchise of Clarksdale, Miss.

This was announced last night by League President Al Haraway, who said Vicksburg, Miss., virtually has been eliminated as a possible league member this year.

Haraway said he hoped to have some definite information next week.

Offers have been received from Magnolia, Ark., Meridian, Miss., and Helena, Ark.

Helena participated in the league for a number of years but dropped its franchise in 1949.

The Clarksdale club sold its franchise to Jackson, Miss., last fall. Jackson was unable to field a team because a ball park wasn't available.

Haraway said Keith Williams, Vicksburg businessman, had indicated interest in taking over the franchise but that business prevented him from doing so.

## FOR THIS WEEK - END SPECIAL at the WHITE ELEPHANT

FIRST QUALITY... FELT BASE  
**LINOLEUM RUGS**

These are 9x12 and regular 6.95 values. 60 patterns to select from. Bedroom, Living room and Kitchen patterns. Delivered anywhere in Hope. Special

## Japan Wants No Part of Red China

Tokyo, Jan. 16 (AP)—Premier Yoshida said today Japan has no intention of signing a peace and trade treaty with Red China.

But, he added, Japan is ready to sign a treaty with Chiang Kai-Shek's Nationalist Government in Formosa as soon as legally possible.

Yoshida declared his government's China policy in a letter to U. S. State Department adviser John Foster Dulles. The letter, dated Dec. 24, was released today.

"There are many reasons to believe," Yoshida wrote, "that the Communist regime in China is backing the Japanese Communist party in its program of seeking violently to overthrow the constitutional system and the present government of Japan."

Furthermore, he said, the Sino-Soviet Mutual Assistance Treaty concluded in Moscow in 1946 is "virtually a military alliance aimed against Japan."

In view of these considerations, I can assure you that the Japanese government has no intention to conclude a bilateral treaty with the Communist regime of China.

Russia lately has sought to win Japan's favor with trade overtures.

Yoshida recalled that Japan already has established an overseas agency in Formosa, "reflecting the importance which my government attaches to relations with the Nationalist government of China." He added:

"My government is prepared as soon as legally possible to conclude with the Nationalist government of China, if that government so desires, a treaty which will establish normal relations between the two governments in conformity with the principles set out in the multi-lateral treaty of peace" drafted mainly by Dulles and signed at San Francisco last September.

Reports circulated in Tokyo that Yoshida would soon send a special mission to Formosa to work out details for a treaty.

There was no immediate Nationalist comment but sources it has good grasp of nationalist thinking attached importance to what they termed Japan's alignment with the free world forces opposing communism.

## Farouk's Wife Gives Birth to a Son

Cairo, Egypt, Jan. 15 (Queen Narriman, teen-age second wife of Egypt's King Farouk, gave birth today to a son-heir to the Nile kingdom's throne.

The boy—born at 8:30 a. m. (1:30 a. m. EST)—was named Prince Ahmed Fouad after his grandfather, King Fouad I. Palace sources who announced the birth said the queen and her baby both were "doing well."

King Farouk has three daughters by his 10-year marriage to former Queen Farida, whom he divorced in Nov., 1948. Under an Egyptian constitutional provision, common to all muslim countries, only males can succeed to the throne.

The king was married May 6 to Narriman Sadek, commoner daughter of an Egyptian civil servant. The queen celebrated her 18th birthday Oct. 31. Farouk will be 32 on Feb. 11.

At the announcement of the royal birth, court and government officials were summoned to Abdin Royal Palace to arrange for the formal proclamation of the event.

On the occasion of the birth of a prince to Egyptian kings, a 101-gun salvo is customary.

Until the birth of the baby, the heir-presumptive to King Farouk's throne was his first cousin, 16-year-old Prince Mohammed Ali.

Birth of the boy gives the king one of the greatest blessings that can come to a Moslem—a son.

Farida's failure to produce a male heir was commonly believed to be the reason for their divorce.

The communique announcing the divorce said it was "Allah's will" to divide the couple but said the royal cabinet was praying to Allah to prepare for King Farouk what will make the country happy," apparently an heir.

Narriman's romance with Farouk was common knowledge in Cairo as a case of a bridge purloined from her fiancé almost on her wedding day because her charms had snatched the king.

Egyptian censors heavily penciled all dispatches mentioning the royal romance and the story of the stolen bride could be told fully only by persons who had left the country.

The 16-year-old girl was engaged to Zakki Hashem, handsome Harvard-educated economist on Egypt's staff at the United Nations. As they showed for a ring, the king saw Narriman for the first time in a Cairo jewelry store and fell hard.

After Farouk started wooing, the wedding was called off. Hashem returned to his post in the United States. Later he returned to Cairo and was named by the king to the powerful Council of State. He was married last April to a Cairo banker's daughter.

The pleasure-loving king and his bride honeymooned on his yacht and at Mediterranean resorts for several weeks. Some nights Narriman spent alone while the wealthy monarch gambled at the casinos.

Before they returned to Egypt in August, members of the royal

Paris—Hungering for worldly titles, our people have created fraternal orders, leagues and societies for the prevention and promotion of bigotry, democracy, fun, peace and war.

There are subsidiaries of religious sects, with temporary magisterial offices as grand exalted rulers, imperial masters, knights, commanders, potentates and wizards.

This interesting fable has been ridiculed by native critics but most infamously by friends in Britain who point out that, because we have no king, such honors must be empty and pathetic. This criticism from Englishers is itself pathetic.

Their kings are the merest and most servile mortals and the honor which they are politely believed to award are inherently no finer than the Heywood Brown prize in journalism or the Spingarn medal of the National association for the advancement of colored people.

We must except a part of a cases where the recipient has done something good for mankind, art or science as distinguished from services to a political party or a cult, but the king merely rubber-stamps orders from the party politicians.

He is a constitutional invertebrate. Apart from our military decorations, not one of which has been held aloft from the dirty hands of men, including even the medal of honor, we have only one official award for civilians given ostensibly in the name of the people of a grateful republic. This is a new badge which was so eagerly defiled by the War Party that it is already degraded below the French Legion of Honor. Those who spring from their chairs to defend the purity of the medal of honor do the medal no good and disclose their own ignorance.

Indignation cannot cleanse it of profanations done for cheap motives in days gone. The British Victoria Cross has a fine reputation and the French military medal, also intended only to reward valor against the enemy in war, was highly respected until a paltry emergency government awarded it to Eleanor Roosevelt for her late husband as a political bribe to the Democratic administration.

Just after World War II. Loathe to refuse, Mrs. Roosevelt formally accepted the medal and so defiled it. Her husband never was eligible and never performed any act which could have earned it. These things are not ancient although we like to believe they are God-granted.

The Victoria Cross is a bronze medal on a deep red or purple ribbon created during the reign of Queen Victoria. The first V. C., which Victoria pinned on a hero of the Crimean war, finally found its way back to a museum case in Windsor Castle. The custodian, Mrs. Bruce, who pointed it out on a Sunday afternoon, said that a number of V. C.'s had drifted into the numismatic market. Soldiers who had won them finally died and, one way and another, the V. C.'s came home to the crown.

I do not know the first name of Mrs. Bruce. Lady Astor said: "Nobody knows her first name. There is only one Mrs. Bruce. She runs the place."

Have we ever canvassed the old medals of honor, army and navy to learn where they are today?

In the new year's honors list, King George VI gave so many recognitions that the citations in fine print covered eleven columns in the times. In the higher brackets, any well versed English or American journalist or native bureaucrat could state, in brief, the reasons why these individuals became viscounts, barons, baronets and knights bachelors.

The reasons were mostly touched with politics. Brendan Bracken, a man comparable to our own late Steve Early in Washington, and a close personal friend of old Churchill, was made a viscount. What is a viscount? What does it matter?

Bracken talked up his boss, Winston Churchill, during the war. Would you have any more respect for a White House secretary entitled "viscount" than you would have for the same Joe under his original name? Don't be too sure you wouldn't.

King Edward started the Victorian order in honor of his mother to reward and encourage wealthy mediocrities.

These are excerpts from the new year lists, far down the line: "H. S. F. Lilley, lately port tea officer, Liverpool, Ministry of Food"; "C. C. Madden, assistant to controller, television programs, British Broadcasting Corporation"; "J. Sim, area secretary, Electrical Trades Union, Dundee"; "J. Starin, organizer, Transport and General Workers' Union"; "T. J. Davies, line leader, salvage section, Hoover (washing machines) Ltd." and "M. E. Helsdon, chief supervisor of sorting as assistants, savings department, general post office."

These patriots got an award called "member, British Empire." I try to find honor in these honors I grasp at firebricks of merest possibility. After all, this is a party government in Britain and the Prime Minister is a politician. He is a clever old man with a cunning knowledge of the tax laws to serve him in his dealings with the New York Times and China Boy Luce's magazine.

"Time" magazine for his endless memoirs, which seem not to be professional writings but the papers of the private property of a former official of his majesty's government. The professional earnings of an old hack journalist would be taxable income. Proceeds from the sale of private papers would be capital gains. Not taxable under British law. It may be hoped that the New York Times and China Boy Luce's "Time" are not, with holding news on this that is fit to print. But would Churchill, the party leader, reward his own little people with little medals for their vanity? You know as well as I do.

Hitler and Mussolini gave medals and ropes sashes and jewels of splendor and value. Were they base baubles? What makes a knight's honor? One of General Eisenhower's subordinates is remarked recently that one of the boss's grand badges, set with beautiful stones, was worth \$300. Some of the British subsidies are so valuable that they are actually only loaned during the life of the recipient. His estate must return them to the crown upon his death. A noble lord of the old dignity and learning found himself so poor during the war that he sent his medals back to save the insurance premiums. As much of the world as ever would care, knew what he had done to deserve them.

The British have been trying to create a grass-roots aristocracy with their little medals of the empire. There is usually a chairwoman in a big list.

This could not work with us, New York, alone, would qualify enough gallant faces of bigotry and hate to cause a shortage in ribbon and bronze. And the American Legion, the Veterans of Foreign Wars, and a roster of tax-exempt political foundations would kill off the role of distinguished guests with ulcers in a year.

There is no evidence of large-scale crime in Western Arkansas.

The jury submitted a report to Federal Judge John E. Miller yesterday commending federal officers for their investigation and prosecution of federal law violators in the district.

Little Man Thinks About We the People

By JAMES MARLOW

Washington, Jan. 16 (AP)—Me, I get confuse. "We the people." It says right here in something I been reading. Constitution. They call it. Bunch of bigwigs got together a long time ago in Philadelphia and wrote it out. Pretty hot stuff.

"We the people." It says, meaning, I take it, we the people own the government. I guess that includes me because I pay taxes, too. But sometimes I wonder. Sometimes I ask myself: I just whose government do the politicians think this is?

I know politicians run the government. Guys like me elect them. I don't like them much. Never have. Too many of them get too big for their britches. Every time guys like me elect them it's like using a bicycle pump on them. It puts them up.

But I guess I haven't got too much right to complain. Somebody's got to run the government. So guys like me elect them to take care of the details while I make a living. Of course, they make a pretty good living off my living. But that's all right so long as they remember who's paying them and the government belongs to guys like me, as well as to them.

Something just came up to make me think. This talk about stealing in the government. Internal Revenue, particularly. Buras me. Guys playing around with my money. "Clean 'em out," I says. And I really mean clean 'em out. So President Truman sends a plan to Congress to make Internal Revenue cheaper to run and cut down on the chances for stealing.

Nobody's been talking to me about cleaning out Internal Revenue since Congress and now all of a sudden, I read in the papers, Congress gets a big chill. It begins to look like a man who suddenly got a forkful of mud when he ordered gravy. Seems this is the trouble. There are 64 Internal Revenue collectors and a whole bunch of offices scattered around the country. Mr. Truman wants to cut down on the offices and cut the 64 collectors to 23. But that's not all.

## Dixie Group Will Try to Oust McMath

Memphis, Tenn., Jan. 16 (AP)—An attorney for Dixie Downs, Inc., said today impeachment proceedings would be filed against Gov. Sid McMath of Arkansas.

Robert E. Park of Memphis, Dixie Downs attorney and stockholder, said he would file action today "in the proper court."

Park said the move would be based on the contention that McMath was "acting illegally in stating that the Arkansas Racing Commission could reconsider a franchise" granted conditionally to Dixie Downs for a horse race track at West Memphis, Ark.

"Being an attorney, and a brilliant one," Park added, "the governor knows that he is acting in bad faith in violation of the statutes of the state of Arkansas for political purposes."

Park declined to say where the court action would be filed.

## LR Considered for Missile Plant

Washington, Jan. 16 (AP)—Oklahoma City and Little Rock are among four cities under consideration for location of a guided missile plant.

The office of Sen. Estes Kefauver (D-Tenn.) yesterday identified the other municipalities as Memphis, Tenn., and Houston, Tex.

Last Saturday, the air force announced that Polaski County (Little Rock, Ark.) may become the site of a 50 million dollar jet bomber base.

name all 64 collectors — guys that did them favors or put up dough for their campaign, or something. Anyway, they can name all 64 and the President appoints them for the senators. But under the new plan the senators couldn't appoint even one. All 25 would be regular government Civil Service people who got promoted to collectors because they been doing good work.

So if the senators okayed this idea they'd be knocking themselves out of 64 political friends or political pay-offs. So they get a chill. Or some of them do. But I'm not interested in their temperaments or in helping them make political friends. I wish there was some way I could remind them some times about the question that pops up in my head sometimes: Just whose government is this?

As it is now the senators can

No Evidence of Large-Scale Crime

There is no evidence of large-scale crime in Western Arkansas.

The jury submitted a report to Federal Judge John E. Miller yesterday commending federal officers for their investigation and prosecution of federal law violators in the district.

Little Man Thinks About We the People

By JAMES MARLOW

Washington, Jan. 16 (AP)—Me, I get confuse. "We the people." It says right here in something I been reading. Constitution. They call it. Bunch of bigwigs got together a long time ago in Philadelphia and wrote it out. Pretty hot stuff.

"We the people." It says, meaning, I take it, we the people own the government. I guess that includes me because I pay taxes, too. But sometimes I wonder. Sometimes I ask myself: I just whose government do the politicians think this is?

I know politicians run the government. Guys like me elect them. I don't like them much. Never have. Too many of them get too big for their britches. Every time guys like me elect them it's like using a bicycle pump on them. It puts them up.

But I guess I haven't got too much right to complain. Somebody's got to run the government. So guys like me elect them to take care of the details while I make a living. Of course, they make a pretty good living off my living. But that's all right so long as they remember who's paying them and the government belongs to
